DEEP GREEN RESISTANCE UK

SATURDAY 22 NOVEMBER

Nearest tube, Willesden Green --5min

Deep Green Resistance UK is the UK chapter of the Deep Green Resistance (DGR) organization. DGR is an environmental and social justice organization based on the book, Deep Green Resistance: Strategy to Save the Planet. DGR identifies civilization, patriarchy, and capitalism as the brutal arrangements of power that need to be dismantled if there is any chance of a livable planet in the future. DGR argues for a concerted, focused, and serious resistance movement that can stop the murder of the planet before it's too late. Deep Green Resistance is an analysis, a strategy, and a movement being born, the only movement of its kind.
